**Section 2**

**Local Area 911 Implementation**

List all individual local areas covered by this report (e.g., Lee County, Virginia):

Haskell County, Oklahoma

(a) For each area listed above, identify the emergency response point to which 911 calls will be routed.

Oklahoma Western Telephone Co. has three access lines in Haskell County. 911 calls from these lines are currently routed to a county PSAP in LeFlore County, Oklahoma.

(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.

Haskell County has not established its own countywide PSAP. Oklahoma Western Telephone Co. is working with the Governor's office to establish a designated answering point.

(c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.  
Unknown.

### **Section 3**

#### **911 Implementation Problems**

(a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.

No countywide answering point has been established in Haskell county.

(b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.

Oklahoma Western Telephone Co. is working with the county government and the governor's office to designate an answering point.

## Section 4
